The **etech** team is celebrating its inclusion, once again, on the Inc. Magazine's 5000 award winner list for "fastest growing private companies in America". Not only did **etech** make the cut for the second year in a row, the company also managed to beat its prior ranking by moving up more than 500 places on the list. "We're pleased to be included on such a prestigious list," says **etech** Founder/CEO Tom Brandt "and I'm very proud of everyone in our organization that show no limit of growing and improving together."

The *Inc.* magazine's third annual Inc. 5000 is an exclusive ranking of the nation's fastest-growing private companies. The list is eagerly anticipated every year by investors in search of best businesses to watch in the market. Says Inc. 5000 project manager Jim Melloan,

"Savvy trend spotters and those who invest in private companies know that the Inc. 5000 is the best place to find out about young companies that are achieving success through a wide variety of unprecedented business models, as well as older private companies that are still expanding at an impressive rate."
