ETECH HELPS ORPHANS IN NEPAL THROUGH CHARITY EVENT -October 2009-

eotech was pleased to support its signature charity: **Rising Lotus Children's Village** as a Golden Lotus sponsor at this year's **Got Karma? Golf Tournament & Silent Auction**. The event, held October 18, 2009, aimed to raise funds to help Rising Lotus acquire a larger facility that will enable the organization to double the number of children it serves.

Rising Lotus Children's Village (or Rising Lotus) *is a non-profit children's home providing Nepalese orphans with the hope, care and education they need to transcend poverty; secure better futures; and become positive, contributing members of their community.* By infusing Nepal with well-educated children who've learned to embrace integrity, tolerance, self-reliance, and innovative thought, Rising Lotus aims to not only improve the plight of Nepalese children, but also to directly influence positive growth and development in Nepal as a nation. Learn more about their important work by visiting www.risinglotuschildrensvillage.org.
